Dear Dan:

We have received your letter "To All Equipment Suppliers", No. 20047, dated 8 October, 1957. We wish to advise you that in accordance with the request of George's letter of 20 November, 1956, we have shipped two sets of the existing manufacturing drawings for Systems 1, 3, and 3-channel data-reduction equipment. This shipment was covered on our shipping document No. MP-26C, dated 26 March, 1957. There is no contractual requirement for delivery of drawings on System 4 nor will complete drawings be available on this equipment because of the laboratory type fabrication of many of the units.

Therefore, as stated in your letter, we are taking no action on this request.

Copies of final drawings and reproducibles will be forwarded at the end of the production phase in accordance with contract requirements.

Sincerely,

Bob
